

# BLAST OFF IN TO SPACE

## WITH MAD SCIENCE

**A SPECIAL EVENT SHOW SPECIALLY DESIGNED TO COMPLEMENT THE 2019 "A UNIVERSE OF STORIES" SUMMER READING PROGRAM THEME**

Explore Space as we embark on an out-of-this-world galactic expedition! From Earth's atmosphere to the outer reaches of our solar system, this stellar space show will send your young readers to the Moon! Launch into the excitement of Earth, Mars, the moon and beyond as we scale the solar system in a life size interactive demonstration. Examine life in space as we challenge your interplanetary voyagers in Mission: Spacewalk! Help us analyze the atmosphere and zero gravity with an awesome bell jar experiment. Continue the journey with a combustion reaction that reinforces the nightly marvel known as a shooting star. And, if that is not enough, prepare for liftoff with a miniature rocket launch! Leave your learners astronomically awe-struck with "3, 2, 1.....BLAST OFF!"

# SHOWS THAT HAVE AN IMPACT

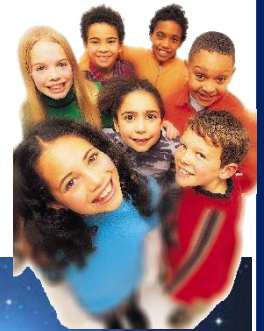

## What is a Mad Science Library Show?

Mad Science Library Shows are spectacular interactive science-themed presentations that correlate with your annual reading theme! Our shows are designed for children and families and are a great way to engage the imagination of your young readers. Animated by professional Mad Scientists, our shows are as ideal for groups of thirty as they are for groups of several hundred! All shows are high energy, exciting performances that show kids just how much fun science can be!

## WHAT CAN YOU EXPECT?

Mad Science provides a fun filled hour long, jaw dropping performance for ages 4-12 that will allow children to discover the amazing things that can be done with science. Mad Science Events are spectacular, interactive, science themed shows designed to amaze and entertain young audiences of any size. Let us Edu-Tain you!
