

Summer 2020 Library Outreach Program:

Engineer a

FAIRYTALE

Presented by...

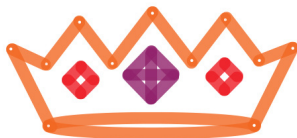

**CHILDREN'S
MUSEUM**
of NEW HAMPSHIRE

ABOUT: Join us for a fun-filled journey where library participants won't just imagine a story...they'll engineer it! Story explorers will visit four hands-on, interactive stations where they can collaborate in groups to: craft a boat for the Gingerbread Man, design a bridge for the Three Billy Goats, test houses for the Three Little Pigs, and build a tall wall for Humpty Dumpty to fall from—or not!

This **hour-long program** will wrap up with each participant creating their own parachute for Jack to jump down from the beanstalk and testing their contraptions using the Museum's Bernoulli blower.

FEE: \$250 per program, maximum enrollment of 50 children, includes all materials and travel within 20 miles or our Dover location. Multiple sessions held consecutively in the same location will receive a \$50 discount on each additional session. A travel fee of 50 cents per mile will be required for libraries located beyond 20 miles round trip of the Museum's Dover location.

QUESTIONS & TO BOOK Contact:

Meredith Brustlin
meredith@childrens-museum.org
603-742-2002 x111

\$20 off for libraries who are current members of the CMNH Library Pass Membership program

Designed for Ages: 5-11, children outside this age range are welcome to attend

PRAISE FROM LAST YEAR'S UNDER A STARRY SKY PROGRAM:

"The educator had an amazing command of the subject matter and every child was engaged and happy throughout. It's very impressive that you can work with so many different age levels simultaneously!" -

Abbie Greenleaf Library—Franconia, NH.
